Latest Deliverables

PBL LA modules configuration

We have finalized the analysis in PBL modules and tools, which collect data that derive directly from the PBL_LA educational approach, as well as the Learning analytics tools, which analyze the collected data. Read more on the full report [here](#).

Courses preparation, trials and evaluation

The design of five different cases studies on three different learning environments aiming to test the project results' validity in different sectors and fields, while assessing their mainstreaming abilities. Read full report on course design [here](#).

Dissemination and Exploitation

We documented an overview of the dissemination activities carried out during the first half of the project. PBL3.0 managed to establish a presence at important social media and attendance in relevant events. Read the full report of dissemination activities of the first half of the PBL30 project [here](#).
